

# The Bridge Game

**People learning to work with People**

- A highly interactive and quickly engaging work simulation letting you learn the 'experiential' way.
- Up to 5 teams competing to build a bridge while coping with ever changing customer demands, many internal people and management problems and lack of leadership.
- A mini project with all the real-life attributes and challenges such as:
  - ◆ *Estimating*    ◆ *Bidding*    ◆ *Building*    ◆ *Fulfillment*    ◆ *Reporting*
- A fast paced, non-threatening learning session with some highly 'productive fun', enjoyed by all ranks and ages.
- Clearly demonstrates the benefits of working as a **TEAM** with a strong sense of **Personal Ownership**.

## Some of the project facets being challenged:

- making realistic job estimates for competitive bids
- delegating, motivating and managing people
- managing unexpected changes as they happen
- performing to critical specs and timings
- accuracy and quality production under pressure
- working as **PARTNERS** in a seamless operation

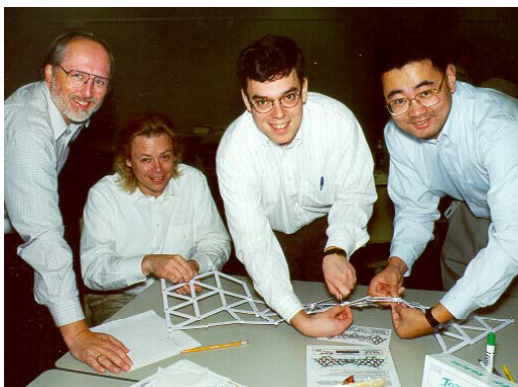

## An 'experiential' learning tool with a proven track record to

**Manage:**

- ◆ *project*    ◆ *process*    ◆ *risk*    ◆ *time*
- ◆ *change*    ◆ *quality*    ◆ *stress*    ◆ *resources*

**Develop:**

- ◆ *Leadership*    ◆ *self-empowerment*    ◆ *competitiveness*
- ◆ *commitment*    ◆ *general soft skills*    ◆ *Client Focus*

- ▶ Accommodates up to 5 teams of up to about 8 team members each.
- ▶ Is completely reusable for multiple sessions; no consumption.
- ▶ An excellent traveling companion weighing only 2.2 Kg.

The exercise is designed as a 'self starter' with flexible guidelines, allowing the facilitator's own delivery style, and requires minimal initial prep time. Train The Trainer sessions (if so requested) are offered free of charge.
